

Psychiatric Services

Affordable and Convenient Access to Psychiatric Care

MAINESTAY, IN PARTNERSHIP WITH THE JOSSELYN CENTER, NOW OFFERS AFFORDABLE AND CONVENIENT PSYCHIATRIC SERVICES TO RESIDENTS OF MAINE TOWNSHIP.

Available services include:

- Psychiatric evaluation
- Medication management
- Consultation
- Collaboration
- Referral

To be eligible for services clients must:

- Be at least 18 years old
- Reside in Maine Township

MEDICAID RECIPIENTS WELCOME!

One in five adults will be diagnosed with mental illness within any given year. Access to psychiatric care is a critical need and can make the difference between functioning and not functioning in society.

When Maine Center closed abruptly in 2015, many low-income clients receiving psychiatric care in the Maine Township community were left without access to local services. In response to this critical shortage, MaineStay Youth & Family Services now provides psychiatric services at our offices at the Maine Township Town Hall in Park Ridge. We are honored to be able to expand our services to include psychiatric care during a time when access to much-needed mental health treatment has been reduced for so many.

If you have questions or are interested in starting the intake process, please contact Anna Lydka at alydka@mainetown.com or 847-297-2510 x258.
