HANDYMAN GUIDE

Carol A. Teschky

Supervisor

Welcome to our Maine Township MaineStreamers Handyman Guide. We hope these names will help you when you need some minor work done around your home.

Our staff, especially Therese Tully, worked hard to compile this wealth of information for you. All names have been referred by people living in Maine Township. This is better than looking through the “yellow pages.”

We hope you will make good use of this information and not feel “taken” by unscrupulous individuals who prey upon seniors. And, if you do use someone from this list, please let us know how they did.

We are proud of our great senior staff and the helping hand they give to our MaineStreamers. Good luck and all the best for your future home improvement projects.

The purpose of this book is to provide a list of persons, who claim they provide the listed services, recommended by fellow MaineStreamers. The Town of Maine hereby disclaims and does not make any warranty, representation, recommendation, guaranty or undertaking of any kind whatsoever with respect to the ability of, quality of workmanship, integrity or professionalism of any of the persons, firms, corporations, partnerships or business entities included in this book. Any use of this book and the persons, firms, corporations, partnerships or business entities listed in it is solely at the risk of the user. The Town of Maine further disclaims any responsibility to ask for or the check references, integrity, or abilities of the persons and entities contained in this book.
